

Think "Inside" The Box

Saving time, saving money!

A place for everything
and everything in it's
place, right?
Right!

With the Global Parts Box, you'll never
be caught out again by missing parts.

- Organise all your replacement torch parts in one location
- Easily see when your stocks are running low
- Saves money on wasted down-time
- Makes reordering replacement parts online simple and easy

Replacement parts sold separately.

Ask yourself how many times you've been caught out looking for replacement torch parts, only to find you forgot to re-order or simply can't find them. GWS has the solution that will save you time, effort AND money.

The Global Parts Box puts all your replacement parts in one location, so you'll always know exactly where to go. Plus, with the GPB's design it's easy to see when you're running low on supplies and time to re-order.

Contact us for a demonstration on how the Global Parts Box can help your workshop run more efficiently. We'll tailor code your GPB with the parts and quantities that suit your specific needs.

With the GPB, you'll never be left without the right parts to get the job done.
