

Blue Demon Triple Play is the perfect choice for a quick repair of all aluminum and zinc alloys including ladders, lawn furniture, awnings, aluminum radiators, power tools, propellers, castings, boat hulls, hardware accessories, dies, and much much more!

Blue Demon Triple Play

One rod, three applications!

- No flux required
- Welds zinc base metals
- Brazes aluminum
- Solders galvanized metal without the use of flux
- Super Low melting point (732°F)
- Stronger than aluminum
- Harder than mild steel
- Excellent corrosion resistance
- Simple to use with only a propane torch
